

*"Schneider Electric Foundation ranks 3 in the FEPIX.*

*We are thrilled to announce that Schneider Electric Foundation received AAA+ in the FEPIX rating, for the second year in a row, maintaining 092 score and moved up in the ranking of corporate foundations to the 3rd place, out of 120.*

*What is FEPIX?*

*FEPIX is a comprehensive evaluation tool that measures a foundation's performance based on 118 indicators aligned with the principles of Corporate Social Responsibility (CSR). It assesses the social importance and urgency of the foundation's mission, its environmental impact management, and the governance structure that ensures ethical practices.*

*Schneider Electric Foundation strives for sustainability and social impact and this year's ranking reflects the Foundation's unwavering commitment in these fields. The Foundation's intrinsic performance is guaranteed, and its relative position, compared to other corporate foundations, is improved, according to the FEPIX insights.*

*At Schneider Electric Foundation, we reinforce our engagement to making a positive impact in the world and to keep supporting positive initiatives to tackle growing social challenges "*
